Español 1, Per. _____

Fecha:

Mi Árbol de Familia

You will create a family tree based on your own family; however, if you prefer, you may use a fictional family. You will mostly be using the family vocabulary from Unit 3 Lesson 2, but you may use any other **Spanish 1** vocabulary necessary to complete the assignment.

You will have 3 *parts* for this project:

1. *A visual layout* (poster) with you and at least **10 other family members**. You may include 1 pet. Each family member should have:
 - A picture (magazine cutouts, graphics, and/or drawings are okay)
 - A label that includes their name, relationship to you (using possessive adjectives), age and birthday.
2. *A written portion* - a general description of your family and then choose at least 4-5 members from your tree and describe them in more detail. Make sure to have an intro and conclusion sentence. Your writing should include:
 - A description of family members (physical, personality, etc.)
 - Likes and/or dislikes (food/activities)
 - Where they live
 - Comparisons (based on appearance, personality, age, etc.)
 - Connecting words (también, pero, etc.)
 - A variety of verbs including hay, tener, ser, etc.

****Your written portion must be TYPED (MLA FORMAT) and will be turned in separately from your poster.**

3. *An oral presentation* - you will present your “tree” to a small group in class. You will not have your written portion with you when you present, but will have your tree as a visual.

Due Dates:

A Day - Thursday, Jan. 30th

B Day - Friday, Jan. 31st

Your project is worth 100 points and will be based on the following:

_____ / 40 **Visual**

- You have included a picture and the needed information for each family member
- Your labels use correct grammar and vocabulary
- Is your project neat, organized and visually pleasing? Does it show creativity and originality and show that you put effort into making it?

_____ / 40 **Written**

- You meet all requirements for this portion.
- You use a variety of vocabulary and grammar
- Your verb conjugations are correct and your adjectives agree with your nouns

_____ / 20 **Oral Presentation:** How well do you abide by the normal presentation standards: eye contact, fluidity and pronunciation.

Total _____ / 100
